NEWSPAPER ADVERTISING

175th Edition Now Ready. A book of over 300 pages, giving more information of value to advertisers than any other publication ever issued. It gives the name of every newspaper published, having a circulation rating in the American Newspaper Directory of more than 25,000 copies each issue, with the cost per line of advertising in them. A list of the best papers of local circulation, in every city and town of more than 5,000 population with prices by the inch for one month. Special lists of daily, country, village and class papers. Bargain offers of value to small advertisers or those wishing to experiment judiciously with a small amount of money. Shows conclusively "how to get the most service for the money," etc., etc. Sent post paid to any address for 20 cents. Address, GEORGE P. ROWELL & Co., Publishers and General Advertising Agents, 10 Spruce Street, New York City.

CATTLE SPACE TAKEN.

All the cattle space on the regular line boats for May, it is understood, has been contracted for during the past few days, and the steamship companies are happy. The large cattle dealers, who had bought up cattle in the West, which they thought they could resell to the American syndicate, finding they were mistaken started the ball rolling by taking considerable space, freight brokers being practically forced into line and compelled to do business or run the risk of getting badly left. The British markets have shown a steady improvement during the past few weeks, and this fact, no doubt, also accounts in a measure for their action, the opinion being expressed that the improvement will continue. The rate paid is understood to be 50 shillings uninsured on all lines, so that the steamship companies have carried their point. The space is in few hands, and shippers on the outside will, no doubt, have to submit to a certain amount of "squeezing" during the month, if cattle come forward freely.—Montreal Gazette.

NEWS FROM ALL POINTS,

Sudbury, Ont. May 10.—The Pacific express which left Montreal Friday night last met with an accident near Straight Lake, fifty miles west of here. Bush fires had partially destroyed a trestle bridge over a creek and the train was too close when the fire was discovered to permit the engineer to stop. The engine, baggage and mail cars and two colonist cars went into the creek. A man named McAlpine, was killed and five passengers injured. Two of the cars took fire from the debris of the bridge and were destroyed. The first-class, sleeping and dining cars did not leave the rails and none of the occupants are injured.

Alliston, Ont., May 10.—The losses by yesterday's fire will aggregate half a million dollars, with insurance of about \$140,000. Not a dry goods or grocery store is left in town, and 130 business houses were destroyed. The burnt district covers from five to six entire blocks and is a complete wreck. An effort will be made to secure aid from the Government.

Toronto, May 10.—The trustees of the university have opened tenders for Upper Canada College lands. The highest bid was \$400,000 from a Toronto man, but the decision of the trustees was reserved.

London, May 10.—The returns issued by the board of trade show that during the month of April imports increased £300,000 and exports increased £570,000 as compared with those of the corresponding month last year.

Toronto, May 10.—Counsel for J. Henderson and a number of other shareholders in the late Central bank have begun proceedings to recover from the directors of the Bank, at the time of its collapse, nearly \$2,000,000 which sum represents the net receipts of liquidation or the double liability which plaintiffs were called on to pay and the amount of claims set off against the double liability.

London, May 10.—The Manchester Courier makes a savage attack on the United States agent the massacre of Italians at New Orleans. It says that the presentment of the grand jury shows the rottenness of the American system of government, that while political intrigues sometimes evoke deserved condemnation in England, and while British institutions are far from perfect, nothing exists in Great Britain revealing such infamous and villainous corruption as that New Orleans presentment.

Gravenhurst, Ont., May 10.—In the fire at Tasker's Switch yesterday there were ten loaded lumber cars burned. A million and a half feet of lumber belonging to J. T. Harvie were burned. The loss is covered. One hundred thousand feet belonging to Robert Thompson, of Hamilton, was burned; no insurance. Fires are raging very close to the town.

Cobourg, May 10.—While being conveyed from the court house to jail yesterday, after being sentenced to life imprisonment, Andrew McGuire picked the lock of the handcuff which bound him to another convict and made a break for liberty. He was captured after a sharp chase, at the edge of a swamp.

Fort William, May 10.—The steamship Manitoba, arrived here last night with 1,250 tons freight and 47 passengers. All the freight was unloaded here and passengers transferred to the train.

Clinton, May 10.—Constable Bulmer, of Listowel, was shot at by a burglar whom he was endeavoring to arrest in the Commercial hotel for a crime committed at Harriston. The ball struck the breast near the heart but a rib caused it to glance off. The wound is not dangerous. In the excitement the burglar escaped to the woods, where he is being hunted for.

Toronto, May 10.—At to-day's meeting of the executive of the city council the estimates for the coming year were presented. The total amount required for the year will be 7,508,000. To assist in raising this amount it is proposed to make the rate of assessment 17 1/2 mills. The rate for the present year is 16 mills.

London, Ont., May 10.—Dennis Gallagher, of Buffalo, and J. Richardson, of Dorchester, Ont., have signed articles of agreement for a wrestling match for the championship of the United States and Canada to take place in this city within three weeks.

Quebec, May 10.—It is rumored that Hon. Mr. Mercier has floated the provincial debt and has secured a \$10,000,000 loan from an English and French syndicate. Mercier and his colleagues will return home a month earlier than expected.

London, May 10.—Henry Ferguson, justice of the peace, and who has been a resident of Middlesex county for sixty-nine years, is dead.

Peterboro, May 10.—H. Dennis' flour mill was burned last night. Loss \$10,000; partially insured.

Toronto, May 10.—Michael Hannaford, the well known local artist, is dead, aged 50.

London, May 10.—A Russian bacon company with a capital of £150,000 has been organized in this city to work for 21 years on a concession granted by Russia to an English syndicate the Government curing factory at Griaza. It is said the freight to England will be nine pence cheaper per cwt. than the rate from Chicago.

Paris, May 10.—The Journal Desabats states that the Rothschild contract with Russia is already signed and the issue therefore delayed for the opportune moment, the choice of which rests with the syndicate.

London, May 10.—It is reported in this city that the alleged heavy sales of Portugal securities through a large Paris house are part of a manoeuvre on the part of a syndicate to take a loan on advantageous terms.

Buenos Ayres advices say Chilean troops violated the neutrality of the Argentine republic, invading the province of San Juan Dela Frontera. An investigation is being made.

Berlin, May 10.—The Reichstag by a vote of 146 to 143, accepted the proposition of the Centrist party, which involves gradual extinction within five years of sugar bounties.

Winnipeg, May 11.—The last C. P. R. excursion of the season to the Pacific coast will leave Toronto on May 15th.

Mr. Wrigley, late chief trade commissioner of the H. B. Co., and family left by the C. P. R. Atlantic express Saturday for England.

The Winnipeg rifle range will be opened next Saturday. President Drewry will fire the first shot. Betting is five to one that he will make a bull's-eye.

tising contracts may be made for it in NEW YORK.

WEDNESDAY, MAY 13, 1891.

Britain is drawing considerably more of her food supplies from her own possessions than she did twenty years ago. In the case of wheat, for instance, in 1870 the importations of wheat and flour from foreign countries amounted to 33,000,000 cwt; from British possessions, 3,000,000. Last year 65,000,000 cwt. were imported from foreign countries and 14,000,000 from British possessions. Mr. Chaplin the Minister of Agriculture, stated in Parliament the other day that the removal of the customs registration fee of 1s. per quarter upon imported grain in 1869 has had no effect in the price of bread. If that duty were in force now it would yield an annual revenue of £2,047,000. According to some economic theories that sum should be saved to the consumer of bread, but the present price of the article does not show any saving as compared with 1869.

The refusal of Great Britain to allow United States cattle the same privilege accorded to Canadian animals of entering the country is being amply justified by events. Pleuropneumonia has been detected in the lungs of two animals shipped from Baltimore by the steamship Parkmore and landed at Deptford April 7. The British experts have no doubt that it is the disease so much dreaded by British cattle owners. The United States veterinary inspector declines to express any decided opinion at present, but has sent a portion of the animals' lungs to America for examination.

The export egg trade with Britain is reaching a high stage. Mr. Warrington, of Belleville, is one of the Canadian dealers who have no fears of the ultimate success of the trade. He has contracted for regular shipments to Liverpool, and four carloads per week of good Canadian hen fruit will go there from this enterprising man. This looks like business.

Hamilton has gained 12,000 in population during the last ten years. There is not much rush about that; but it has been that good, solid even growth that comes to stay.

A London correspondent points out the importance of Canadian sea fisheries by comparing the returns issued for the United Kingdom with our figures. The value for Ireland, Scotland and England is given at £7,365,000 for the year 1890, which shows a tremendous increase, while the figures quoted for Canada represent the year 1889, and stand at £3,678,178.

James Blaine gave the order and the great American dogs of war were tied loose. They rushed upon an unarmed Chilean vessel and seized her with neatness and dispatch. James also gave the order to seize a Chilean rebel gunboat that was slowly standing off and on; but singular to relate, the great American dogs of war couldn't get within two miles of the pesky thing.

The statement made in a Buffalo paper a few years ago that the C. P. R. was a road to run "from nowhere to nowhere" doesn't seem to be exactly in accordance with the facts. The C. P. R. seems to run from everywhere to everywhere else.

It is estimated that the pension obligations of the United States if funded would amount to a capital debt of \$2,000,000,000. This alone is nearly equal, in proportion to population, to the debt of the Dominion.

NATIONAL EDUCATIONAL ASSOCIATION.

The annual convention of the National Educational Association of the United States for the present year will be held at Toronto, Canada, July 14th to 17th, and as it will on this occasion be of an international character, it promises to be the most successful meeting of the series. Most of the Railroads have agreed to give half rates, plus \$2 membership fee to all who attend the meeting, this rate being open to the public generally as well as the teachers. Toronto people are making great preparations to welcome and entertain the visiting teachers, and numerous cheap excursions are being arranged to all important points on the great lakes, the St. Lawrence and the sea-side, after the convention, which will afford to teachers the best opportunity for enjoying their summer holidays they have ever had. The official bulletin, containing programme for the meeting, railway arrangements, and all other particulars, is ready, and will be sent free to any one desiring it, on their dropping a Post Card to Mr. H. J. Hill, Secretary Local Committee, Toronto.

GENERAL NEWS

Ottawa, May 7.—Senator Haythorne, of Prince Edward Island, died this morning at 7 o'clock at the Grand Union Hotel. On Thursday last he complained that he felt unwell, and said that he would probably be the victim of an attack of grippe. That night, on returning to his hotel, he had a hot bath. On going into his bedroom he fell forward in a fainting fit upon the floor where he lay unconscious for four hours. Dr. Wright was summoned in the morning and found that congestion of the left lung had set in. He grew steadily worse, his illness developing in pneumonia.

Toronto, May 7.—The Empire's Montreal correspondent, in a dispatch to his paper, gives the official returns of the total number of votes cast for the Ministerial and Opposition candidates in each county of the province of Quebec in the late general elections. According to the table, 104,933 votes were deposited for Government candidates and 97,825 for their opponents, leaving a total plurality in favor of the Ministerialists of 7,108.

Montreal, May 7.—Elias Rund, editor of the Verdensgang, Christiania, Norway, was in the city yesterday, on his way to Ottawa, where he will interview the Minister of Agriculture regarding a farm district of Canada for the purpose of a settlement of Norwegian emigrants. He will then proceed to the Pacific coast, stopping over at Winnipeg and other points. Rund is of the opinion that the climate of Canada will suit Norwegian emigrants much better than that of the United States.

Port Arthur, May 7.—The Athabasca Captain Foote, the first of the line boats, put in an appearance last night at ten o'clock with 25 passengers and 1000 tons of merchandise. The passengers and local freight were landed here, and the through stuff is being delivered at Fort William to-day.

The Western Reserve, the largest carrier of cargo out of Chicago, is at Fort William, loading wheat for Buffalo. She will take 82,000 bushels.

Toronto, May 7.—The paint manufac-

turers of Canada are organizing a combine. The firms already agreeing to the terms include several of Toronto and Montreal and one of Halifax. The conditions of the combine are said to be three factories, one each in Toronto, Montreal and Halifax.

Toronto, May 7.—John G. Murray, an Englishman who spent his summers in Canada, died in Germany recently. He was very wealthy. Among his assets was property in Manitoba and Algoma valued at \$15,000.

London, May 7.—In the House of Commons to-day Secretary of State for War Stanhope intimated that troops were going to British Bechuanaland to oppose the raid by the Boers from the Transvaal, who proposed to settle there.

Washington, D.C., May 7.—The collector of customs at Detroit, Mich., has written the treasury department that numerous immigrants are arriving there from Canada, and that they usually come by a train which reaches Detroit at midnight. On account of the unseasonable hour and lack of force, he has, he says, great difficulty in properly inspecting the immigrants. The treasury officials do not see how, under the law, they can increase the number of inspectors at a port, and of course they cannot regulate the arrival of railroad trains.

London, May 7.—The crew of the steamer Skyro, of Sunderland, have just been landed at Portsmouth, after an unusual and exciting experience. Shortly after leaving Gibraltar the Skyro struck a stray torpedo which exploded with such force as to blow a huge hole in her bottom, and she quickly sank. The crew had barely time to take to the boats before the ship went down. They rowed toward the coast and being favored by fair weather managed to reach Corcubion, about fifty miles from Cordova, the next day. From that point they were brought home by a passing vessel.

New York, May 7.—A Washington special says: Until Secretary Blaine returns to the city there will be no steps taken in regard to the recent developments in Chilean affairs, but there is no secret made of the fact that the open participation of the firms of Grace & Co., and Flint & Co., in the furnishing of

arms to the belligerents in that distracted country has been brought to the attention of the Government in a way that cannot be neglected or overlooked. It is somewhat singular that both the gentlemen named in this connection were prominent in connection with the recent Panama canal conference, which was to promote universal peace and amity in South and Central America. Mr. Grace was the chief promoter of the act of Congress calling the conference. Mr. Flint, his former partner, was one of the American delegates to the conference, and the only one except Mr. Trevelyan who could speak Spanish. Mr. Flint, it is understood to be supporting President Balmaceda, and Mr. Grace the Congressional revolutionists.

Washington, May 7.—The Queen Regent of Spain having been appointed umpire in the dispute between Colombia and Venezuela, over the boundary lines between those two republics, has rendered her decision, which is entirely in favor of Colombia. She establishes the boundary lines along the rivers Orinoco, Atabapo and Rio Negro, which gives Colombia the whole of the Guajiro, the San Faustino and the Arauca territories.

Washington, May 7.—Nothing has been received at the State department in reference to the published story of United States Consul Ewing refusing to participate in the customary observances upon the occasion of a toast to Queen Victoria at a banquet given at Vancouver, B.C.

London, May 7.—A dispatch from Valparaiso says that an attempt has been made at Santiago to assassinate the leading members of Balmaceda's cabinet by throwing a boom in the street. They were unhurt.

Halifax, May 7.—Captain Sir Baldwin Walker received cable instructions from the Imperial Government yesterday to delay the sailing of the warship Emerald for the scene of the bait troubles in Newfoundland. It is taken to mean that the Imperial Government hesitates to assist the Newfoundland Government in the enforcement of its bait law in spite of the strenuous opposition of the people of Newfoundland against Canadian and French fishermen to the exclusive benefit of those of the United States.

Mahaffey & Clinkskill,
Battleford, Sask

For the convenience of builders in town, a yard has been opened on the Mission property, at which Mr. T. E. BAKER is sole agent for our manufactures.

LOCAL HAPPENINGS

In Our Midst.

A. N. Peterson, of Wingard, was in town last week. Mr. Peterson has completed his work as one of the enumerators.

Fresh Supply of Oranges and Lemons at R. T. Goodfellow's.

Tenders are called for the purchase of debentures to the amount of \$4,000 for School District No. 3. See advertisement.

Q. Where do you buy your Tea, it is always so good?

A. I always buy from F. C. Baker.

Our old friend Mr. James Scott, of Qu'Appelle, came in on Tuesday's train, renewing old acquaintances. We are always pleased to see him.

Green Apples by the barrel, also a fresh lot of Groceries at R. T. Goodfellow's.

We are pleased to hear that at the late meeting of the Presbyterian Synod, held at Regina, the old Board of Nisbet Academy was re-appointed.

You can buy a Suit of Clothes for \$4.75 at F. C. Baker's.

In another column will be seen an advertisement for tenders for a rate on the dollar for \$7,000 debentures issued by the Town.

Fresh Groceries, Confectionery and Fancy Biscuits at Baker's.

Census commissioner Fish has been around the different enumerators, and reports them as getting through their work in excellent shape.

Teacher's examination will begin at 9 a.m. July 7th 1891. Two months notice has to be given to local inspectors of schools by candidates. A fee of two dollars has to accompany notice.

Contractor Baker has about completed Mr. T. J. Agnew's store, which will now have a floor capacity of 2,500 square feet. When painted and finished, it will make about the handsomest store in town.

At the Queen's—A. G. Johnson, Thos. Blackwood, Winnipeg; D. W. McDonald Saskatoon; D. McIntosh, Regina; James Scott, Qu'Appelle; Angus Thompson, Duck Lake; W. S. Utton, S. D. Mc-Micken, Moosejaw.

The following are registered at the Leland:—S. G. Miller, Prince Albert; Alex. Rogers, John Anderson, W. Roscoe, Carrot River; J. W. Street, Clark-leigh, Man. J. J. Wilson, South Branch; H. Adams, Duck Lake.

Mr. Chipman, private secretary to Sir Charles Tupper, has been appointed Commissioner of the Hudson's Bay Company, in the place of Mr. Wrigley who resigned that position on account of ill health.

The Advisory Council met on the 7th inst., and Dr. Bett and Mr. J. F. Betts left the same night for Ottawa to confer with the Dominion Government respecting certain amendments to the N.W.T. Act.

Notwithstanding the talk of hard times, the sound of the workman's hammer is heard from early morning till late in the evening on the different buildings going up in all directions, while travelers inform us that in no other town they have visited is any stir in this direction being made.

Word was received here this week of the death, at Salt Current, of ex-Const. Jamieson, lately a member of F Division N.W.M.P. Mr. Jamieson resided here almost constantly since 1885, and was well and favorably known to almost every individual in our town, who will all join us in expressing our regret at the death of poor "Jimmy."

A meeting of those interested in the game of lacrosse was held in the rooms of Mr. W. R. Fish on Wednesday evening last. There was a large and enthusiastic gathering of lovers of the game. The formation of the club and election of officers was at once gone into, with the following result: The club to be known as the Prince Albert Lacrosse Club; S. J. Donaldson, President; D. C. McLeish, Vice-President; A. A. B. Sproat, Sec. Treasurer; Fred. Kerr, Captain; A. S. Stewart, Field Captain. The evenings for practice will be Mondays, Wednesdays and Fridays. The membership fee was placed at the low figure of 25 cents, and all residents of the town are invited to become members. The club already has a membership of over thirty, and start out under most favorable auspices. We wish it all success.

Mr. W. Irwin, who has resided here for the past five years, left for his old home in the county of Simcoe. Mr. Irwin's father, who is retiring from farming, will turn the old homestead valued at \$15,000, over to William, whose good fortune we are pleased to hear of.

What has become of our rifle association? The other territorial associations are all in line, and matches have been arranged for on all sides, while our own association, of which we were so proud, has not even made a move. We think our vice president should see after this matter at once, by calling a meeting for election of officers, etc., and making a move for practice.

The School Board held a meeting on Monday last for the purpose of choosing a plan for the addition to be made to our central school, which was done, the Board selecting the plan submitted by Mr. P. J. Gunn. The addition will cost in the neighborhood of \$2,500, leaving a balance over from the fund to be raised sufficient for fencing, heating etc.

P. V. Gauvreau, Dominion Lands Agent at Edmonton, died at that place on Friday last. It appears he had been ill for a long time, a substitute having been sent from Winnipeg in January last to take charge of the office. Mr. Gauvreau took charge of the land office at Edmonton when it was established in 1884, having previously been engaged for a time in the office here. Previous to that he resided in Winnipeg, where he was married in 1882 to a daughter of Mr. P. G. Laurie, of Battleford.

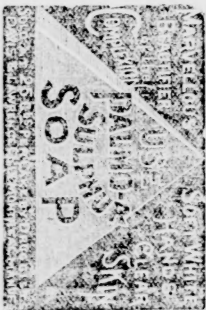

The Prince Albert District is receiving a great acquisition to its horse flesh. Mr. Thomas McKay has purchased from Macfarlane Bros., near Battleford, the splendid general purpose stallion "Saskatchewan." This horse was bred on the rancho of the Messrs. Macfarlane, will be four years old in July, and is a fine specimen of the class of horses for which their range is now justly noted.

"Saskatchewan" is bay in color, splendidly put up and stands about 16 hands in height. At the Battleford fair last fall he took first prize for general purpose stallion any age, first for general purpose three years or under, and honors and money divided for roadster stallion any age, also in the roadster class of three years or under. To see this fine animal is well worth a drive to Mr. McKay's place. By the way, we must not forget to remark in connection with the sale and purchase of "Saskatchewan," that the Messrs. Macfarlane advertise in THE TIMES.
